# Foreword

Dear Friends and Supporters, Welcome to the Annual Report of Ajagar Social Circle for 2023-2024. This year has been transformative, marked by significant achievements in empowering communities in the Assam-Meghalaya region. Guided by resilience and a vision of progress, we have made strides through our core programs: Livelihood, Education, Skill Upgradation, and Relief and Rehabilitation. The "Samridhi Ek Prayash" project, supported by the Azim Premji Foundation, has empowered over 1,100 farmers.

Mr. Prabin Das  
President,  
Ajagar Social Circle

+91 9435314653

rprabindas@gmail.com

The "SuATI" initiative, backed by GIZ, has introduced sustainable farming to more than 500 farmers. The "Livelihood and Enterprise Development Program" (LEDP), funded by NABARD, has equipped rural weavers with modern skills. Additionally, the "Jal Jeevan Mission," funded by the Government of India, has improved water management in Lower Assam. Ajagar Valley Academy continues to provide quality education to 863 students, while our "Every Child in School" initiative, funded by Smile Foundation, has re-engaged students in Goalpara. These achievements are due to the unwavering support of our partners, collaborators, and our dedicated team. Your commitment has been instrumental in our success. As we look ahead, we remain dedicated to creating resilient, self-sufficient communities. Thank you for your continued support.

# Editorial

Dear Supporters and Friends, Reflecting on 2023-2024, we are proud of the significant strides Ajagar Social Circle has made in transforming lives. This year's accomplishments highlight our commitment to holistic development and the resilience of the communities we serve.

Mr. Hiren Kalita  
Secretary,  
Ajagar Social Circle

Our Livelihood programs have empowered over 1,100 farmers through advanced agricultural practices and livestock farming, thanks to the "Samridhi Ek Prayash" project. In education, Ajagar Valley Academy has provided quality learning to 863 students, while the "Every

+91 94357 25238

hk.agia@gmail.com

Child in School" initiative has re-engaged students in Goalpara, ensuring inclusive education.

Skill Upgradation has seen remarkable progress with the "LEDP" project, which has enhanced rural weavers' productivity and market access. Our Relief and Rehabilitation efforts, particularly the "Jal Jeevan Mission," have improved water management for over 100,000 individuals in Lower Assam.

While celebrating these successes, we acknowledge the challenges ahead. Our focus remains on deepening impact, expanding reach, and continuously improving our programs to meet evolving community needs. Strengthening partnerships, exploring new funding opportunities, and leveraging technology will be key to our future endeavors.

Thank you for your unwavering support and belief in our mission. Together, we are building a brighter, more sustainable future.

# Highlights 2023- '24

*This year, Ajagar Social Circle has made remarkable strides in four key areas:*

- *Livelihood: Empowering communities with sustainable income sources.*
- *Education: Enhancing access and quality of education.*
- *Skill Upgradation: Training in better farming and non-farming practices.*
- *Flood Relief & Rehabilitation: Supporting communities in rebuilding and recovery.*

## Acknowledgement

*We are very much thanking full to.....*

- *The Deputy Commissioner and the district administration for kind support*
- *NABARD for continuous support and DDM, Goalpara Mr. Kanchanmoni Gohain for his active support and valuable guidance toward LEDP Project implementation.*
- *Deval Sanghavi and Khyati Pokar from Dasra for flood relief and Rebuild India Support & Guidance*
- *The GIZ team for considering us as project implementing partner in SuATI project*
- *Mr. Maruti Konyagol and Ashraya Hastha Trust, Bangaluru for their support*
- *The Agriculture, Fisheries and A.H. Department, GoA, Goalpara for giving opportunity to work together*
- *Mr. Rajat Kumar Pati and Azim Premji Foundation for active support for project implementation*
- *Parents & Guardian of Ajagar Valley Academy for their kind cooperation and valuable suggestion*
- *The CMD, NEDFi for giving opportunity to work as a representative.*
- *Mr. Ashim Kumar Das, GM, NEDFi for promoting our rural weavers to achieve a new height*
- *Smile foundation for their support in education sector.*
- *The PHE department, GoA for their support toward the project implementation*
- *Dr. Santosh Kr Baishya from KVK, Dudhnoi and his team for their support as a resource agency*

## Project- Samridhi Ek Prayash

Funded by the AzimPremji Foundation, Samridhi EkPrayash is dedicated to boosting the incomes of farmers from Scheduled Castes (SCs), Other Backward Classes (OBCs), and Economically Weaker Sections. This initiative provides crucial input support and comprehensive skill-building in paddy cultivation and livestock farming, including fishery, piggery, and poultry. By empowering these farmers with resources and training, Samridhi Ek Prayash aims to significantly enhance their economic stability and quality of life.

## Project- SuATI

The SuATI(Support of Agroecological Transformation Processes in India) project aims to promote sustainable agricultural practices in the Hatigaon and Chutki clusters. Supported by GIZ and implemented by Ajagar Social Circle, the project focuses on reducing reliance on chemical inputs and enhancing ecological balance through natural farming techniques. It also aims to increase the area under natural farming in both clusters. Farmers receive training on natural farming practices, including the use of bio-fertilizers and bio-pesticides. Participatory Rural Appraisal (PRA) exercises engage community members to identify local needs and resources, using techniques like social mapping and bio-resource flow analysis. Demonstration plots are established to showcase natural farming methods, providing practical examples for local farmers. Additionally, exposure visits to model farms such as Pabhoi Greens offer hands-on experience and insights into sustainable agriculture. The project emphasizes community engagement and capacity building, fostering collaboration and active participation. Overall, SuATI aims to create a sustainable agricultural ecosystem that benefits both the environment and farming communities, while expanding the reach of natural farming practices

## Project- LEDP

The Livelihood and Enterprise Development Program (LEDP), funded by NABARD and implemented by Ajagar Social Circle, aims to empower rural weavers through comprehensive capacity building and skill enhancement. By training weavers on modern Jacquard looms, the project significantly boosts productivity and improves product quality. Additionally, we facilitate access to government loans and create market linkages to help weavers expand their businesses. LEDP is dedicated to fostering economic growth and sustainable livelihoods, transforming the weaving community, and promoting long-term prosperity.

## Success Story: Monomi Rabha - Empowered Weaver from Kishoridubi

Monomi Rabha, a 27-year-old from Kishoridubi village, faced financial hardships in her landless family, dependent on her husband's daily wages. Though skilled in weaving, her talents were limited to personal use. During a survey, our team discovered her potential and selected her as a beneficiary of the LEDP project. We provided her with extensive training and market linkage support. With a small investment, Monomi purchased raw materials and, under the guidance of professional trainers, began crafting exquisite handloom products. Our project also secured market and input linkages, enabling her to sell her products at their true value. This intervention significantly boosted her family's income, allowing Monomi to live a dignified life. Her success story now inspires other women in her community, demonstrating the transformative power of skill development and market access. Monomi's journey from a modest weaver to a successful entrepreneur exemplifies the profound impact of targeted support on individual lives and communities.

## Project- Jal Jeevan Mission

The JalJeevan Mission (JJM), funded by the Government of Assam and implemented by Ajagar Social Circle, focuses on sustainable water resource management in four districts of Lower Assam. This project includes awareness programs, need assessments, and guidance on effective water resource management. We educate communities on alternative water sources, storage, and utilization techniques. Additionally, we coordinate with various government departments to ensure the program's smooth functioning and comprehensive coverage. Through JJM, we aim to promote efficient water usage, improve access to clean water, and enhance the overall water security of rural communities.

## Project- AssamFlood ReliefSupport in India: Livelihood Restoration throughAgriculture

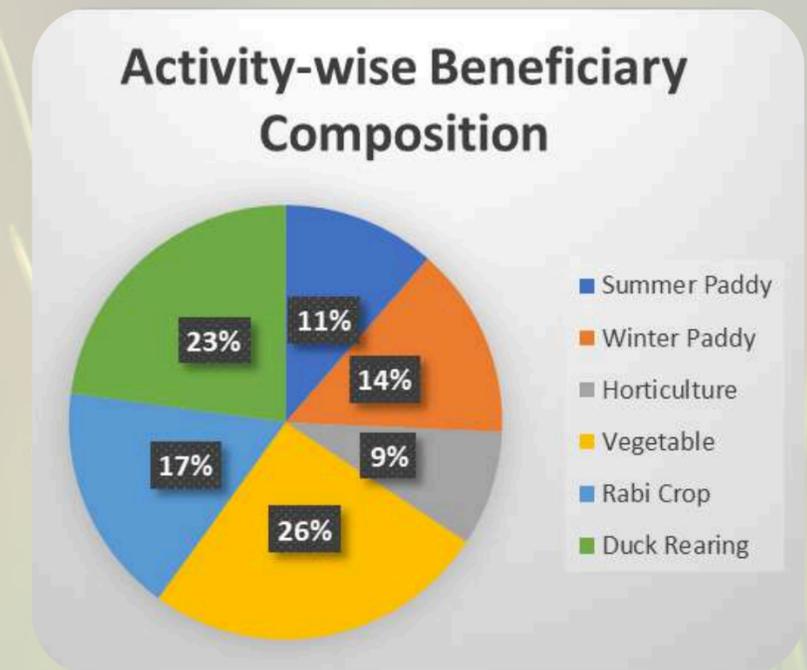

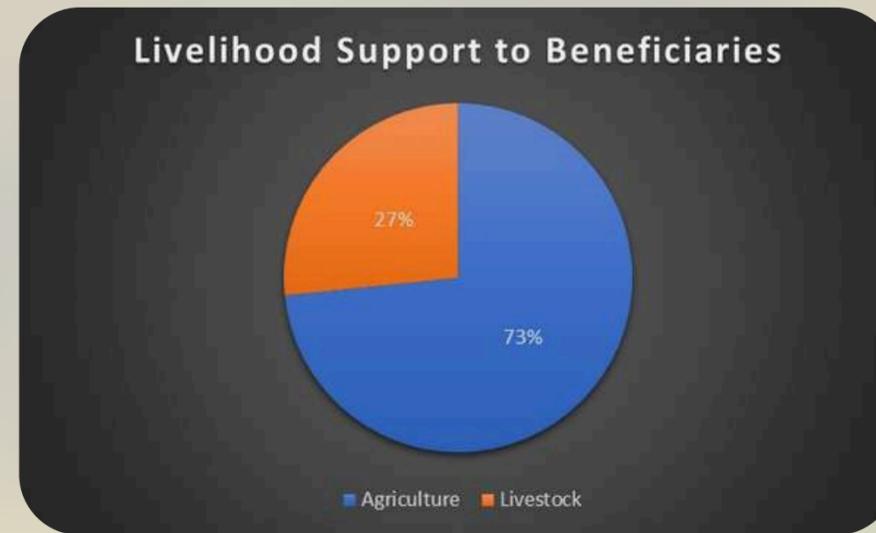

The "Assam Flood Relief Support in India: Livelihood Restoration through Agriculture and Livestock" project, funded by DASRA and implemented by Ajagar Social Circle, addresses both the immediate and long-term needs of flood-affected communities in Goalpara district. This initiative provides essential relief supplies to victims of the devastating floods, offering critical support during their time of need.

In addition to immediate relief, the project focuses on sustainable livelihood restoration. We assist families in rehabilitating their farmlands by providing seeds, tools, and training to restart and improve agricultural activities.

Moreover, we support the recovery of livestock, supplying families with resources and training to rebuild their livestock herds, which are vital for their income and food security.

By helping these families regain their primary sources of income through agriculture and livestock farming, the project promotes economic stability and resilience against future disasters. This comprehensive approach ensures that both crop production and livestock management are addressed.

Through a combination of immediate relief and long-term support, the "Assam Flood Relief Support in India" project aims to restore livelihoods, enhance food security, and build a more resilient community in Goalpara district.

## Tanabi Ray's Journey: A Tale of Transformation

### Project- Every Child in School

The "Every Child in School" program, funded by Smile Foundation and implemented by Ajagar Social Circle, aims to uplift underprivileged children in Goalpara, Assam. This project targets students who are disengaged from learning due to distractions like excessive mobile phone use and lack of focus. Through this program, the school staff, supported by Smile Foundation, identified and provided personalized attention to these students. Parents were also guided to change habits that might negatively impact their children. The focused support and regular monitoring led to improved student behavior, increased focus, and a renewed interest in learning. Parents also adapted positively, enhancing the home learning environment. The program included diverse activities such as storytelling, poem recitation, drawing, quizzes, art and craft activities, yoga, and project-based learning. Educational tools like laptops, projectors, globes, charts, and maps were utilized to enrich the learning experience. The school celebrated various events, contributing to a dynamic educational atmosphere. This program showcases the power of targeted interventions and collaborative efforts in transforming education and fostering personal growth among the children of Goalpara.

Tanabi Ray, a 15-year-old class 9 student, lives with her hardworking father, a driver, and her devoted mother, a housewife, in Goalpara, Assam. Despite her bright potential, Tanabi's academic performance was hampered by excessive mobile phone use and lack of focus in class.

Before the intervention, Tanabi was inattentive, irregular in attendance, and disengaged from activities. The "Every Child in School" project, a collaboration between Smile Foundation and Ajagar Social Circle, recognized her potential and stepped in to help. They explained the adverse effects of mobile overuse and worked closely with her parents to adopt healthier routines.

With individualized attention and regular teacher interactions, Tanabi's transformation was remarkable. Her academic performance improved, she became more attentive and regular in her classes, and she began actively participating in co-curricular activities.

Today, Tanabi stands as a testament to the power of dedicated support and community intervention, illustrating how challenges can be overcome with the right guidance, unlocking a brighter future filled with potential and promise.

# Ajagar Valley Academy

## A Beacon of Excellence and Inclusivity

Ajagar Valley Academy stands as a testament to the power of education in transforming lives. Serving 863 students from diverse backgrounds, including Scheduled Castes (SC), Scheduled Tribes (ST) from both plains and hills, Other Backward Classes (OBC), More Other Backward Classes (MOBC), and differently-abled individuals, the academy is committed to fostering an inclusive and nurturing environment. Our focus on holistic growth has led to remarkable improvements in student performance, with many of our students excelling in their future endeavors. We provide reservations and scholarships according to government guidelines ensuring that every student has the opportunity to succeed. The academy boasts a highly qualified faculty and administrative staff dedicated to delivering quality education. Offering advanced programs in Arts and Science for classes 11 and 12, our students consistently achieve outstanding results, reflecting our commitment to academic excellence. Ajagar Valley Academy is also a vibrant hub of extracurricular activities. We celebrate events such as the Spring Festival, Earth Day, World No Tobacco Day, World Environment Day, Bishnu Rabha Divas, and International Yoga Day. Our students actively participate in cultural events like Sangeet Mahasangram (Wangala) and Sanskritik Mahasangram (Rabha Dance), showcasing their talents and cultural heritage. Our comprehensive sports programs, promoting physical fitness and teamwork, further contribute to the all-round development of our students. At Ajagar Valley Academy, we are dedicated to empowering our students, nurturing their potential, and preparing them for a successful future. Join us in celebrating our journey of growth, inclusivity, and excellence.

## My Success Story!

"In 2017, I had the opportunity to join Ajagar Social Circle as a beneficiary of the Krishak Samridhi Project, supported by NABARD. Before this, I was working my 7 bighas of land with modest yields. Everything changed for me in January 2018 when I received a Shallow Tubewell (STW) through the RIDF scheme, thanks to Ajagar Social Circle. With the STW, I began cultivating Summer paddy on 3 bighas of land, resulting in a profit of Rs 40,000/-. Additionally, growing Joha rice brought in another Rs 40,000/-. These profits enabled me to purchase a power tiller through the RKVY scheme in 2019. Ajagar Social Circle continued to support my endeavors, helping me secure a bank loan of Rs 1,20,000/- to start a dairy farm with a Jersey cow. Today, I own 5 Jersey cows, a Shallow Tubewell, and a power tiller. My annual income has grown substantially, with Rs 60,000/- from paddy farming, Rs 20,000/- from the power tiller, and Rs 5,40,000/- from dairy farming. The support from Ajagar Social Circle has transformed my agricultural practice into a profitable and sustainable business, improving my livelihood significantly."
